DETAILED ACTION

Acknowledgement is made of the amendment filed by the applicant on 3/9/2007, in which claims 3-4 were amended. Claims 1-12 are currently pending in U.S. Application Serial No. 10/502,408.

The objection to claim 3 as stated in paragraph 3 of the office action dated 1/24/2007 is withdrawn due to the applicant's amendment.

The objection to claim 4 as stated paragraph 4 of the office action dated 1/24/2007 is withdrawn due to the applicant's amendment.

Response to Arguments

1. Applicant's arguments filed 3/9/2007 have been fully considered but they are not persuasive. In regards to the 112 2nd paragraph rejection of claims 1-12 in paragraph 1 of the office action dated 1/27/2007, the applicant argues that it is not necessary to define "x" and "y" because it is known in the field that x and y are usually 2 and it may contain values outside of 2 that's why x and y are used. The applicant also uses US 5773319 as evidence to show these expressions are known because '319 uses SiO_x and TiO_x in col. 2, line 39 of the specification. The Examiner agrees that these expressions are known in the art. However, the use of them in a claim renders it indefinite because in the claim it is required that every element is defined and clear; x and y can have numerous values therefore it is unclear what is being claimed.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 is indefinite because the applicant fails to define x and y. the subscripts x and y can encompass numerous values and it is therefore unclear to the examiner as to what the applicant is claiming.

Allowable Subject Matter

4. Claims 1-12 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

The reasons for allowance are as stated in the office action dated 1/24/2007.
